Dear Mrs. Huxley,

I wrote to you two months ago requesting that the two cafeterias at Fenwick College improve their provisions for vegetarians. You responded to my request and said you would look into it. I have been very disappointed that no further action has been taken. It would appear that School Solutions Catering does not care about the students it is serving, and I refuse to patronise either canteen.

It seems that you did not believe me when I wrote that there was a demand for vegetarian food in the canteens at Fenwick. I have circulated a petition which has been signed by 143 students who all agree that they would like to see healthy, vegetarian food on the menu at Fenwick. The petition is enclosed. I hope this will convince you that it is important to make vegetarian food available to us.

I have forwarded a copy of the petition to Principal Jones. He has advised me that Fenwick College's catering contract is up for review at the end of this academic year, and that if School Solutions is not meeting the needs of the students, he may choose to look elsewhere. I look forward to any comments you may wish to offer.

Sincerely yours,

Elaina Pruette
