Dear Mr. Jones,

The Oak Tree Café is my family's favourite restaurant. I have been eating there since I was a little girl. My parents took me there for my sixteenth birthday last week and I was really disappointed by the menu. I recently became a vegetarian and I was surprised to find there was only one option available to me – a jacket potato with baked beans! This was not exactly what I was hoping for as a birthday treat. When we asked if there was anything else the kitchen could prepare for me, we were told the chef could make me a salad. I had the jacket potato but found the whole experience to a real let-down. I expected more from The Oak Tree!

I am writing to ask you to please put more vegetarian options on your menu! Since becoming a vegetarian I have learned that there are lots of interesting options for veggies out there. I know The Oak Tree would benefit from including some more vegetarian options on their menu. I am not the only vegetarian in Summervale, so you would probably get more customers if you had more veggie options.

I am a member of The Vegetarian Society and they have a lot of information about vegetarian catering. You may want to take a look at their website at www.vegsoc.org/caterers. I would be happy to get some materials from them for you, if you wish.

I really hope you will improve your choices for vegetarians. If not my family and I will have to find a new favourite restaurant, because I can no longer eat at The Oak Tree. Thank you for your attention to this matter.

Yours Sincerely,

Hannah Downing
